DETAILED ACTION

Amendment filed 12/22/2004 is acknowledged. Claims 36,38-40 are canceled. Claims 35,37,41-43 are pending. Claim 35 is amended to cancel claim language reciting peptide fragments.

Claims 35,42,43 remain rejected under 35 U.S.C. 112, first paragraph. The rejection is maintained for the reason of record (as related to peptides having % identity to polypeptide SEQ ID No. 424). Applicant submits that amino acid sequences having at least 95% identity to SEQ ID No. 424 are enabled and argues that "one of ordinary skill in the art would have no difficulty in carrying out the invention as claimed". No support for this statement is provided. The arguments of counsel can not take the place of evidence in the record.

The rejection is maintained.

Claims 37,41 remain being objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
